About us

ABOUT THE ORGANISERS

In an increasingly integrated world, with growing transnational interactions, the significance of international law has never been greater. International events have come to dominate the domestic landscape. In order to understand the tumultuous nature of international relations and to promote a greater awareness and understanding of international law, the students at Government Law College, Mumbai formed Students for the Promotion of International Law, Mumbai (SPIL, Mumbai) in the year 2009.

We at SPIL, Mumbai, strive towards taking legal studies to an empirical level and promoting law as an area of enquiry and study far beyond the realms of classrooms. We as a student-based organisation, seek to encourage communication and cooperation among students and lawyers internationally. SPIL Mumbai relentlessly strives to provide greater opportunities for comprehensive studies of international cultures and legal systems, to facilitate global interactions and to publicise educational and career opportunities in international law.

SPIL, Mumbai also regularly organises workshops on the basics of international law, which have an overwhelming response from law students across colleges and holds various debates, legal paper presenta-

-tions and intra-college international law competitions.

Our annual flagship event - International Law Summit comprises Keynote addresses, two novel and unique competitions-Judgment Deliberation (JDC)© and Treaty Appreciation Competition©, Call for Papers - SPIL International Law Journal, and a Panel Discussion.

Our past association with International Law Student Association, Washington DC, Indian Society of International Law, New Delhi, Informa Law, United Kingdoms and Indian National Association of Legal Professionals, New Delhi have bolstered our reputation and attracted participation from renowned law schools worldwide.

The success the event has enjoyed over the years must be attributed to a large extent to our sponsors over the past years - World Trade Organisation (WTO), Bombay Bar Association, Reliance Industries Ltd., Baker McKenzie (USA), AZB & Partners, Udadia Udeshi & Argus Partners, Wadia Ghandy & Co., Mulla & Mulla and Craigie Blunt & Caroe, Nishith Desai Associates, J. It is my honour to welcome you to the 16th Government Law College International Law Summit (GLC ILS), 2026, organised by the Students for the Promotion of International Law (SPIL), Mumbai.

For sixteen years the Summit has convened an evolving community of students, scholars and practitioners and has built a legacy founded on rigorous inquiry and scholarly exchange. ABOUT THE THEME

INTERNATIONAL TRADE LAW

The international trading system stands at an inflection point. In an era defined by climate imperatives, supply chain realignments, and technological disruption, the architecture of global trade — once grounded in predictability and non-discrimination is undergoing profound transformation.

International Trade Law, the foundational discipline governing this architecture, no longer exists merely as a system of tariff concessions and dispute settlements. It has evolved into a field that mediates between economics and ethics, sovereignty and interdependence, national policy and global obligation.

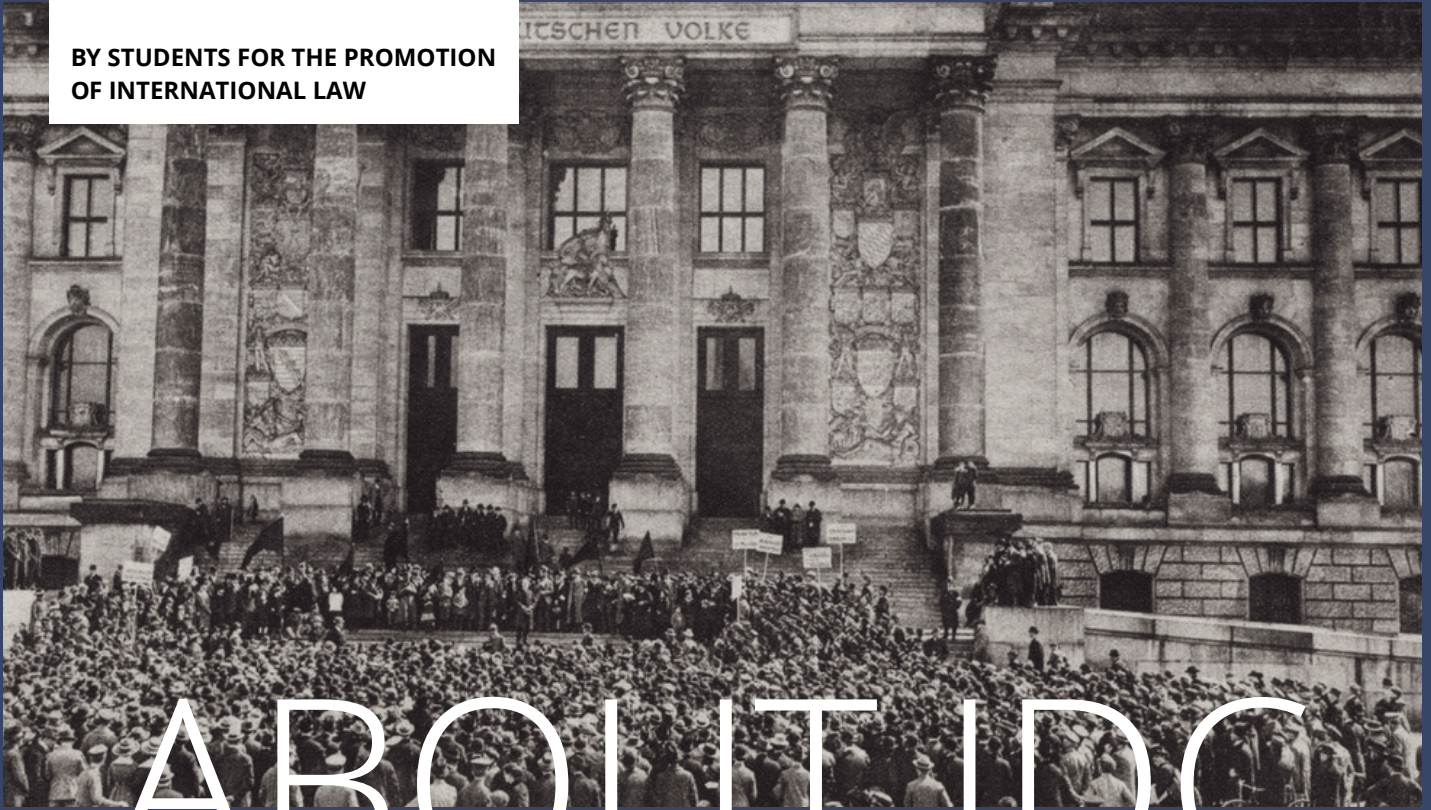

Against this backdrop, SPIL Mumbai's 16th Government Law College International Law Summit 2026 adopts International Trade Law as its central theme, reflecting our commitment to engage with the most pressing challenges and opportunities shaping the world economy.

JUDGMENT DELIBERATION COMPETITION 2026

BY STUDENTS FOR THE PROMOTION
OF INTERNATIONAL LAW

ABOUT JDC

WHAT IS JUDGMENT DELIBERATION COMPETITION©?

The International Judgment Deliberation Competition, 2026 ("JDC 2026") is a unique simulation that places student teams in the role of judicial decision makers. This competition offers a unique platform for students to engage in the intricate process of judicial reasoning and judgment formulation.

In the JDC, participants are presented with the Competition Module, which is a comprehensive case file containing the procedural history, facts, and arguments of the dispute at hand. The participants act as Judges or Arbitrators of an international fora, and are expected to reach a well-reasoned judgment or award.

The JDC 2026 is the most unique edition of the JDC that we have had so far. Set before the Multi-Party Interim Appeal Arbitration Arrangement of the WTO, participants play the role of Arbitrators under the MPIA and are expected to reach a reasoned award.

MODULE FOR THE COMPETITION

When a sweeping regional climate package met global trade flows, states found themselves asking whether climate policy can coexist with WTO discipline. *Republic of Panchala v. Union of Magadha* tells that story: Magadha's Carbon Border Adjustment Mechanism (CBAM) and Panchala's challenged exports create a fact-rich dispute over classification, national treatment, subsidy rules, and the reach of public-policy exceptions. The Module places participants in the role of learned arbitrators under the MPIA / Article 25 DSU, asking them to scrutinise the Panel Report, test its legal reasoning, and draft a reasoned Award addressing discrete appellate issues.

TREATY APPRECIATION COMPETITION 2026

BY STUDENTS FOR THE PROMOTION
OF INTERNATIONAL LAW

ABOUT TAC

WHAT IS TREATY APPRECIATION COMPETITION©?

The International Treaty Appreciation Competition (TAC), 2026 simulates a formal multilateral forum where participating teams act as State delegations tasked with assessing and shaping the future of a major treaty. Each team will be assigned a Country to represent and must prepare a written appreciation that situates its proposals within doctrinal, comparative and policy frameworks. The Competition emphasises fidelity to treaty architecture and the practical constraints of international lawmaking.

In the oral rounds teams engage in structured negotiation and drafting exercises before a panel of adjudicators. Participants must defend their State's priorities, propose coherent textual amendments or protocols, and negotiate compromise language that reconciles competing legal and policy interests. The format rewards rigorous analysis, persuasive advocacy, and precision in drafting.

TAC is designed to develop skills essential to treaty practice: treaty interpretation, normative reasoning, and the technical craft of drafting instruments or interpretative guidance that can be implemented across jurisdictions. Beyond the competitive element, the Competition provides a forum for scholarly exchange and professional mentorship, offering participants exposure to expert feedback and opportunities for publication or further academic collaboration.

MODULE FOR THE COMPETITION

A treaty at the crossroads: old text, new trade.

Forty-plus years after its adoption, the CISG faces questions the drafters could not have foreseen: smart contracts, blockchain evidence, electronic negotiations and divergent national practices. The TAC 2026 Module dramatises that debate through an extraordinary UNCITRAL session convened to consider CISG's future. Participants represent Contracting States and must defend, critique, or propose reform, balancing technical legal drafting with pragmatic policy solutions.
